Subject
Letter of Recommendation

Dear Sir/Madam,

Please allow me to introduce and recommend to you a group of highly motivated students of our Faculty of Mathematics & Natural Sciences. In April 2009, these students will undertake a study trip to Brazil and Argentina to visit academic institutions, businesses and, in general, learn about different cultures.

I would be very grateful if you would be so kind to assist the organizing committee ("Stichting GBE-FMF") in making this visit a success.

Sincerely yours,

Drs Madeleine Gardeur-Veltman
Director
Office for International Relations
University of Groningen
